Charlotte received a Gold Award, a Special Award for Excellence in Principles of Food Science and Technology and a Judges' Merit Award for Excellence.
Max received a Judges' Commendation
Chenara received a Silver Award.
Congratulations on the outstanding achievements for these students.

VERY IMPORTANT INFORMATION FOR PARENTS
MEASLES OUTBREAK

Many parents of children in our school have not provided the school with copies of their child's immunisation information on enrolment. This means that if we have any child in the school who contracts measles, or comes into contact with someone who has measles they will be required to be quarantined at home for up to 14 days until the Ministry of Health gives the ok for him/her to return to school.

Many children will have been vaccinated but we require a copy of the documentation as proof of immunisation.

Please provide the school with a copy of the proof of immunisation as a matter of urgency.

ROTARY INTERSCHOOLS SPEECH COMPETITION

Our school speech finalists who participated in the Te Aroha Rotary Interschools Speech Competition last Thursday evening. All of our students spoke extremely well. Congratulations to Charlotte Cummiskey, who was placed first in the Year 7 section and Sasha Ashton Spraggon, who was placed second in the Year 8 section. Charlotte was also awarded the Graham Hampton Memorial Trophy for the best overall speech of the competition - an outstanding achievement!

Room 9 (Mrs Robertson & Mrs Gamble)

Mrs Robertson

Congratulations to pupils who achieved success at last week's Rotary Speech Competition and the Eastern Waikato Science Fair. Well done Charlotte Cummeskey - an outstanding result in both events. In maths we will continue working with multiplication and division using whole and decimal numbers. Reading, writing and topic work will be rounding off current units. We will also be planning Enviroschools tasks for term 4.

Mrs Gamble

Wow, we have almost come to the end of term 3 already. It has been very busy and I am sure everyone is looking forward to a well deserved break. This week we will be finishing off pieces of work that need a little more time and updating our seesaw accounts (my apologies, this has been a slow process). A big THANK YOU to Mrs Young, who has been helping us with this. **Maths:** We will be finishing our work on graphs and using our new learnt skills to complete a statistical investigation. **Writing:** Editing, re-crafting and publishing will be our focus in writing this week. We may even have some fun and complete a few quick write challenges. **Reading:** Guided reading will continue and I am hoping to complete some testing. Have a great week everyone and have a safe and restful holiday.

Room 10 (Mrs Brittenden) Kia ora koutou.

What a fantastic week celebrating Te Wiki O Te Reo Maori - really cool to hear Rm 10 using kupu in everyday conversation - KA PAI! I was also very proud of the effort that went into Speeches and by the students who completed Science Fairs.

This week, we really get stuck in to our awesome class novel "REFUGEE". This will require Rm 10 to think about the message that the author is trying to convey as well as using connections to prior knowledge and experiences to discover the viewpoints of the three main characters.

Spanish - we are looking forward to learning Spanish, completing modules each day to help us develop conversational skills and an understanding of the culture.

Maths - our focus for this week is to convert decimals and fractions and understanding the relationship between these.

Behaviour Effort and Attitude - as we head to the end of term, it is a good reminder for Rm 10 students to think, make good choices and apply themselves to the best of their ability. Being a role model, the expectation for Rm 10 is to be in the right place, at the right time, doing the right thing!

Looking forward to an amazing week - AROHANUI - Mrs B
